Project objectives developed through public engagement include:

- Improve traffic flow and safety
- Improve storm water drainage
- Improve bicycle and pedestrian connectivity and safety
- Improve the condition of the roadway

Do the presented alternatives meet the identified project objectives? Yes No

If yes, how?

If no, why not?

If no, how do you suggest the design team address the issues you feel are not included with the presented alternatives?

Please place your comment form in the box provided at the meeting or send to: Emily Bausch, Olsson Associates, 601 P Street, Suite 200, Lincoln, NE 68508 or email ebausch@olssonassociates.com by November 9, 2017. Comments may also be left on the project website: www.westastreet.com
